Tenth Circuit Historical Federalism CLE *9/15/23*

Instructions for virtual attendees

This complimentary program is approved for 1.0 hour of general CLE credit in Colorado, Kansas, Missouri, New Mexico, Oklahoma, Utah, and Wyoming.

Supplemental Materials

In addition to [his book](#), for which today's program is themed and named, Prof. Nolette has provided access to five articles he recommends for supplemental reading related to this topic. You may [view them here](#) and download them for future reading.

Requirements for CLE Credit

- Be verifiably* present for the full hour (auto-logged by Zoom)
- Answer at least one (1) live poll question during its one-minute time window (Important: You must pay attention to see when the poll pops up on the screen!)

Tech Prep & Precautions to Ensure a Smooth Experience

- To ensure you receive this email, add no-reply@zoom.us & CLE@josephhollander.com to your email client's/ firewall's Safe Senders list.
- Make sure you have the latest version/update of your Zoom client installed on your computer at least 15 minutes prior to joining.
- Do not attempt to join the Zoom session sooner than 15 minutes before the start time, or it may force you to reregister! Even then, it may not allow you to join! Join between 11:45am and noon. The host will let you into the session promptly at noon.
- Make sure you are signed into the Zoom account under which you registered lest someone else get credit for your participation.
- Make sure you click the unique join link Zoom assigned and emailed to you at registration. Every registrant has a unique link tied to their registrant record. These links cannot be shared with other attendees. Each attendee must have and use a unique join link to have their attendance validated.

Poll Question Instructions

- Virtual attendees must answer (correctly or not) at least one poll question during the session.
- Poll questions are launched in the Zoom app and must be responded to in the Zoom app.
- They should pop up on the mobile app as well as desktop clients. If you've had problems in the past with polls not appearing on your device, consult Zoom technical support to troubleshoot. You may need to allow popups from Zoom in order for this feature to work. Each device and security system is unique, so consult your IT staff and Zoom support for instructions applicable to your situation.
- We will do our best to read the poll question aloud when it launches, but don't rely on that. Sometimes, it's difficult to interrupt the speakers and can cut into instructional time.
- The poll will remain open for one-to-two minutes. This is a short time window, so pay attention carefully and be ready when it launches!

Q&A Questions

The panelists will entertain questions from in-person and virtual attendees during the last 15 minutes of the program. Virtual attendees must submit their questions through the Q&A feature in Zoom, not via the chat. The host will be unable to respond to "raised hands" in Zoom. A moderator will select from among the questions, and panelists will answer as many as possible during the allotted time.

CLE Credit Reporting

Upon verified* completion of the CLE course:

- **Zoom** will send an attendance confirmation email to all verified attendees *tomorrow*.
- To ensure you receive this email, add **no-reply@zoom.us** and **CLE@josephhollander.com** to your email client's/firewall's Safe Senders list.
- This email will include course/program IDs for self-reporting states including MO, NM, OK & WY. (These are also in your program booklet.)
- JHC will report attendance for CO, KS & UT licensees within 30 days.

Thank you for coming!
